

# PLEASUREKRAFT

TOUR RIDER 2017

# ARTWORK

Do not under any circumstance post any artwork that has not been approved by Pleasurekraft's representatives.

**If artwork gets posted online that has not been approved - you risk cancellation of the show and will not receive any money back from the show!**

# SOCIAL MEDIA

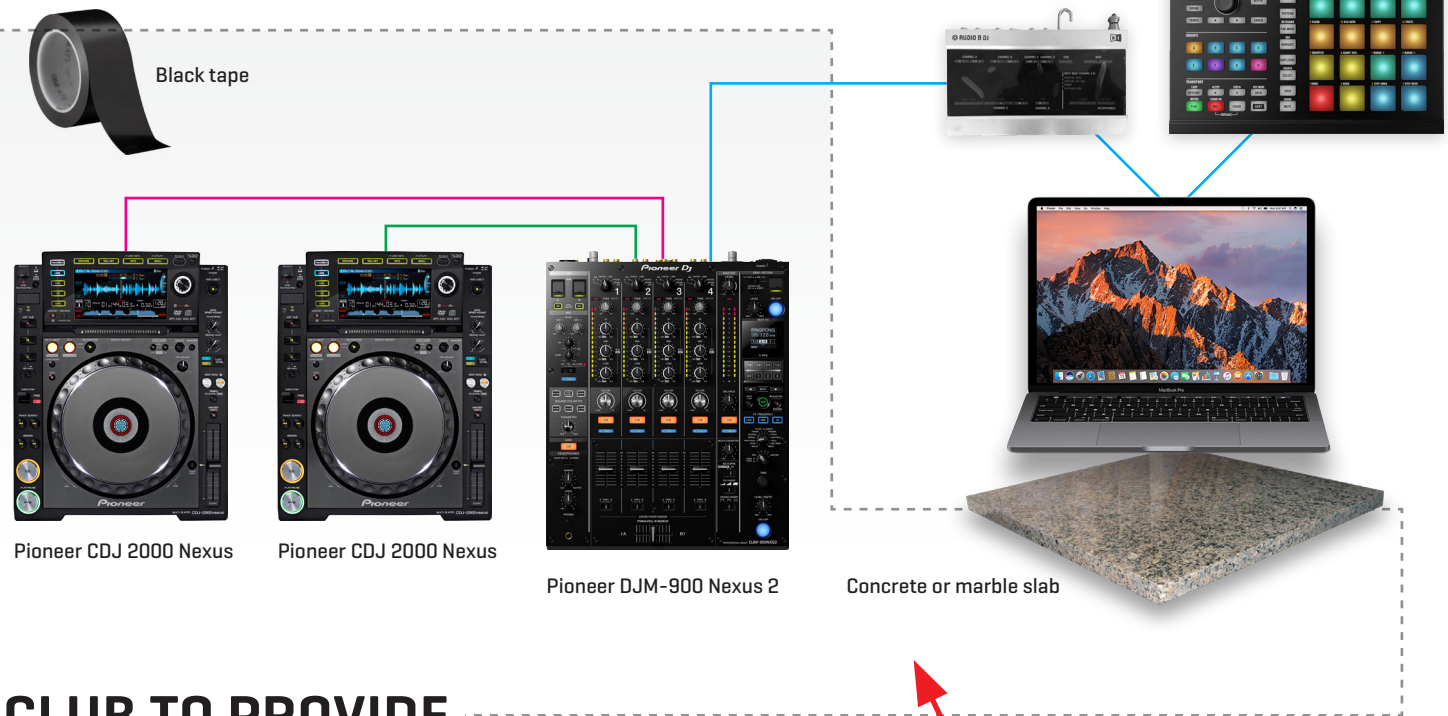

For all social media posts [especially facebook event pages] - **do not post videos / songs from pleasurekraft that are more than 2 years old!**

If it isn't on pleasurekraft's soundcloud "spotlight" section - you probably shouldn't post it!

# TECHNICAL RIDER

## CLUB TO PROVIDE

2 Pioneer CDJ 2000 Nexus

1 Pioneer DJM 900 Nexus 2 [or Nexus]

**Absolutely no other mixers!**

**[NO Pioneer DJM800 / Alan & Heath etc]**

1 Black Electrical Tape

Minimum 1 Concrete or Marble Slab to place on right side next to mixer [for artist's laptop]

**Please note - absolutely no equipment to the right side of the mixer - the right side of the mixer must be completely clear prior to artist's arrival at venue!**

**[except for slab]**

## SOUND

Club Sound system should be suitable for the venue size, and capacity, with 50% of the power allocated to bass and sub bass frequencies. Approved sound systems include: Funktion One, D&B, Void, Pioneer, and L'Acoustics.

Absolutely no wedge monitoring to be used at any time.

FUNKTION-ONE

d&b  
audioteknik

VOID L'ACOUSTICS

Pioneer GSA

# SETUP

The entire right side of the mixer should be completely mixer should be completely free [except concrete slab, see technical diagram above] prior to artist's arrival at venue!

Absolutely no moving of club's equipment [CDJ's] once artist arrives in order to free up the right side of the mixer - everything should look exactly as it is on the diagram prior to artist's arrival!

# RECORDINGS

Absolutely **no audio or video recording of the artist's set is allowed** without prior written approval from artist's agency.
